The P4D

David Jao (Galois) and I (Odyss3us) created a system to conquer the internet in 2005, implicitly. We got John Nash to play along in 2011. The P4D is awarded to us by us to commemorate this event. John Nash is also welcome to take a seat at the table but he must identify himself in #notmath on IRC, eFnet. IF YOU PLAY WITH UR **REAL NAME** ON IRC YOU ARE A p4d.
